

Suggestions for Efficiency or Renewable Energy Opportunities in Annapolis Royal

- from mapping exercise at the Public Forum on Nov 20, 2008, 4:30-6pm at the Legion, See map –

- 1) Solar thermal panels at 16 B&B's
- 2) Possibly geothermal at B&B's also
- 3) Sealing and insulating all drafty buildings
- 4) Year round farmer's market in a zero footprint building
- 5) Link to wind turbine on North Mountain
- 6) Energy conservation efforts in general
- 7) Water meters: Drive-by or demand meters
- 8) Solar panels generally
- 9) In-stream tidal at causeway
